

Cub Report 2019/20

2019-2020 was another busy year for the cub section in Bradford South, we have taken part in a range of activities that have seen lots of cubs and lots of groups taking place in a variety of exciting activities.

The year started with the city challenge, or the Clewer Trophy as it is better known as. This is a competition where teams of 5 cubs go round base of teamwork challenge is and collect points. It was great to see so many cubs and groups taking part in this activity on a Saturday morning. This challenge is run jointly with Bradford North so we had approximately 13 groups fighting to win. Unfortunately, a group from Bradford South did not win, but a great time was had by all.

When have then introduced the new activity of a Memory Walk for the cub section. This activity was developed from the previous memory walk had with beavers the year before. The challenge was to walk approximately 8 miles along the canal from Sowerby Bridge to Brighthouse, starting with an exciting 1 stop journey on the train. All the cubs who took part did really well to walk to far and raised some well-deserved money for the District Charity.

The Silver Awards evening at city hall was another highlight of the year, as per every year. I would like to say a massive congratulations to every single cub who managed to achieve their silver award. You have put a lot of hard work into this. Also, a massive thank you to the leaders, because without you and your hard work and dedication our cubs would not be so successful in achieving this award year in year out.

The final event of the year was the traditional cooking competition that takes place every year. This year the challenge took on a similar shape to last year, where the cubs had to make a main meal and desert from the recipe and ingredients provided by District. There was some fantastic meals and some memorable presentations of the food. This year's competition was one by 5th Bradford South.

Unfortunately, some of the final events of the year had to be cancelled due to the ongoing pandemic but hopefully we will back be running district activities soon and we will come back bigger and better than ever before.

Finally, I would like to say a massive thank you to everyone that helps out in the cub section, whether that is the district cub team, cub scout leaders, assistants and occasional helpers.

Thank you

Scott Emmerson
