

Pre- Journey Safety Check List (daily)

It's important the following is checked each day of the hire for your safety.

If there are any issues then your emergency contacts are

Kevin Horner	07525 920598
Nick Tindall	07973 235008

- Brakes (including hand brake) and Steering Operate Correctly
- All lights are working
- Mirrors should be clean, adjusted for a clear view and in good condition
- There is an adequate supply of water in the windscreen wash reservoir, and that windscreen wash and wipers function correctly
- There are correct fluid levels in hydraulic systems, particularly the braking system, and the engine oil level is correct
- Seatbelts are present, operating correctly and are undamaged
- There is an adequately stocked first aid kit; any items used from the kit must be replaced immediately
- There is a vehicle fire extinguisher mounted in an easily accessible position
- All windows are clean in order to ensure good all-round visibility
- Tyres are inflated to the correct pressure and are free of dangerous cuts or cracks, tread depth is at least 2.0 mm and wheel nuts are tight
- All luggage is safely secured and the gangways clear
- Ad-Blue level is not showing low / refill required
